DECISION ON
PETITION

This is a decision on the petition filed on August 3, 2004. The petition requests that the period for reply to the Office action dated April 8, 2004 be restarted to run from July 21, 2004 when the attorney of record reviewed the Patent Office's PAIR System and printed out a copy of the Final Office Action.

DECISION

The Instant PETITION is accepted as a petition under 37 CFR 1.181(no fee).

A review of the application record and the petitioner's evidence indicates that the request has merit and is sufficient to establish that the Office Action of April 8, 2004 was not received. The evidence provided includes a copy of the docket record where the non-received Official Action would have been entered had it been received for the customary three-month due date.

The petition is **GRANTED**.

The time for response to the final rejection of April 8, 2004 will be restarted from the date of the July 21, 2004.
